

AION POWER QUALITY POLICY

The quality policy acts as a compass by providing the direction and framework for establishing key corporate level performance measures, as well as related objectives and targets. Aion Power management ensures that our corporate policies are established and documented, and that the policies are available to all interested parties via our website.

We add value to our customer business

To fulfil this:

- We deliver high quality, reliable products and solutions satisfying our customer needs over the complete product life cycle.
- We provide safe working conditions to our personnel and an environment to practice and develop their professional skills and expertise.
- Conduct our business in sustainable way, and by requiring our suppliers and partners to operate on the same principles.
- We are committed to continuous improvement and emphasizing networking across our organization and between our customers and partners.
